Projects

Beat Beater | Team Project | Academic | RIT

Feb 2018 – May 2018

- Served as Design Lead by organizing gameplay mechanics and ensuring a coherent structure
- Programed in C# using MonoGame through Visual Studio 2017
- Worked in a team of 4, each with specific role
- Created powerups and their functionality in game and code

Firing Range | Solo | Academic/Solo | RIT/Independent

Oct 2018 – Dec 2018

- Created a PixiJs game housed in a HTML website built with Bootstrap; the game is a simple 'shoot the target when it appears, and don't shoot the civilians'
- Implemented sounds, volume control as well as utilized local storage to save volume state
- Created practice area that allows players to play each level independently

Backyard | Team Project | Academic | RIT

February 2020 – May 2020

- Designed unique and engaging puzzles and a structured underlying narrative
- Programed in C# using Unity one of the puzzles as well as some other functionality for progressing in game

Work Experience

Town of Stonington Department of Human Services

June 2016 – August 2016

Summer Camp Counselor

- Provided care and supervision for kids 6-12 from 8-12am
- Communicate clearly and effectively with not only coworkers but with children as well
- Brainstorm games, as well as other means of keeping kids entertained as well as happy

Ocean State Job Lot

June 2019 – August 2019

Sales Associate

- Stocked shelves as well as maintained a proper visual display to entice customers to buy the product
- Assisted customers with any help I was capable of providing in a professional and respectable manner
